

Tony Samuels  
Chairman

23 July 2020

Dear Alison,

I am Tony Samuels, Chairman of Surrey County Council. I just wanted to personally say an enormous 'thank you' and to express my gratitude to you for volunteering to sew in order to make enough PPE for the people of Surrey.

I know you have been working phenomenally hard under the most extreme circumstances in order to provide a service that is so greatly needed. I really can't express how much your contribution is appreciated and the impact you've made to many individuals – thank you!

I have found it incredibly moving to see how the Surrey residents and workers have rallied together. It has shown me now, more than ever how strong we are as a community.

I do hope that you have found some time to look after yourself and have rest and relaxation time. Your hard work and support is important – but so are you.

Thank you so much again for all that you have done to help our community.

Look after yourself!

Kind regards,

Tony Samuels  
Chairman of Surrey County Council
